VERSE 1

Bet you got it all planned right
Bet you never worry, Never even feel a fright
Bet you got it all planned right
Never fit to worry, Never even feel a fright.

PRE-CHORUS 1

Single sleeps alone
And I know you don't really mind
Five years by your side
So I know you really don't mind

CHORUS

But don't you love her, Deep down
I said don't evah
Cause it's gonna keep him hanging around
Never, Deep down
I said don't evah
Because it's gonna keep him hanging around

VERSE 2

Don't you never think it's right
Bet you think you had to but it doesn't feel right
Bet you never think it feels right
Famous-sounding words make your head feel light

PRE-CHORUS 2

Petals getting picked
With the love-yous and the love-you-not
Five years going by
Everyone is standing on their side

CHORUS + SOLO + CHORUS

Five years going by
Everyone is standing on their side
Never, Deep down
I said don't ever
Cause it's gonna keep him hanging around never
