

# Believe - The Bravery

## INTRO / VERSE 1

The faces all around me they don't smile they just crack  
 Waiting for our ship to come but our ships not coming back  
 We do our time like pennies in a jar  
 What are we saving for **(repeat)**  
 There's a smell of stale fear that's reeking from our skins.  
 The drinking never stops because the drinks absolve our sins  
 We sit and grow our roots into the floor  
 But what are we waiting for? **(repeat)**
