Verse 1

Moving forward using all my breath
Making love to you was never second best
I saw the world thrashing all around your face
Never really knowing it was always mesh and lace

Chorus

I'll stop the world and melt with you
You've seen the difference and it's
Getting better all the time
There's nothing you and I won't do
I'll stop the world and melt with you

Verse 2

Dream of better lives the kind which never hate

Dropped in the state of imaginary grace
