Rudolph The Red-Nosed Reindeer - Johnny Marks

```
      A
(e) Rudolph, the red-nosed reindeer
A                    E
had a very shiny nose.
E
And if you ever saw him,
E                           A
you would even say it glows.

A
All of the other reindeer
A                                  E
used to laugh and call him names.
E
They never let poor Rudolph
E                          A
join in any reindeer games.

D                    A
Then one foggy Christmas Eve
E7                 A
Santa came to say:
 E
"Rudolph with your nose so bright,
B                          E
won't you guide my sleigh tonight?"

A
Then all the reindeer loved him
A                                E
as they shouted out with glee,
E
Rudolph the red-nosed reindeer,
E                          A
you'll go down in history!
```
